

A photograph of two women in a clothing store. The woman on the left, with short brown hair and wearing a light grey blazer, is holding a smartphone and looking at a digital tag attached to a white tank top. The woman on the right, with long blonde hair and wearing a teal long-sleeved shirt, is also looking at the tag. They are standing in front of a rack of clothing. To the left, there is a shelf with a potted plant and a silver water bottle. To the right, there is a shelf with folded clothes. The background is a wooden wall.

Digitalize front Line workers

Challenge

Digitalization is transforming the way we work, and companies are facing new challenges. As the customer instore experience is changing, companies need an instrument to help their sales rep to boost their productivity, to accelerate their selling performances and to sell smarter by building trusted relationship with customers and by being proactive.

Solution

Power Platform offers an easy, rapid and effective way to build solutions in few days, to address the need of having more effective sales rep instore.

Results

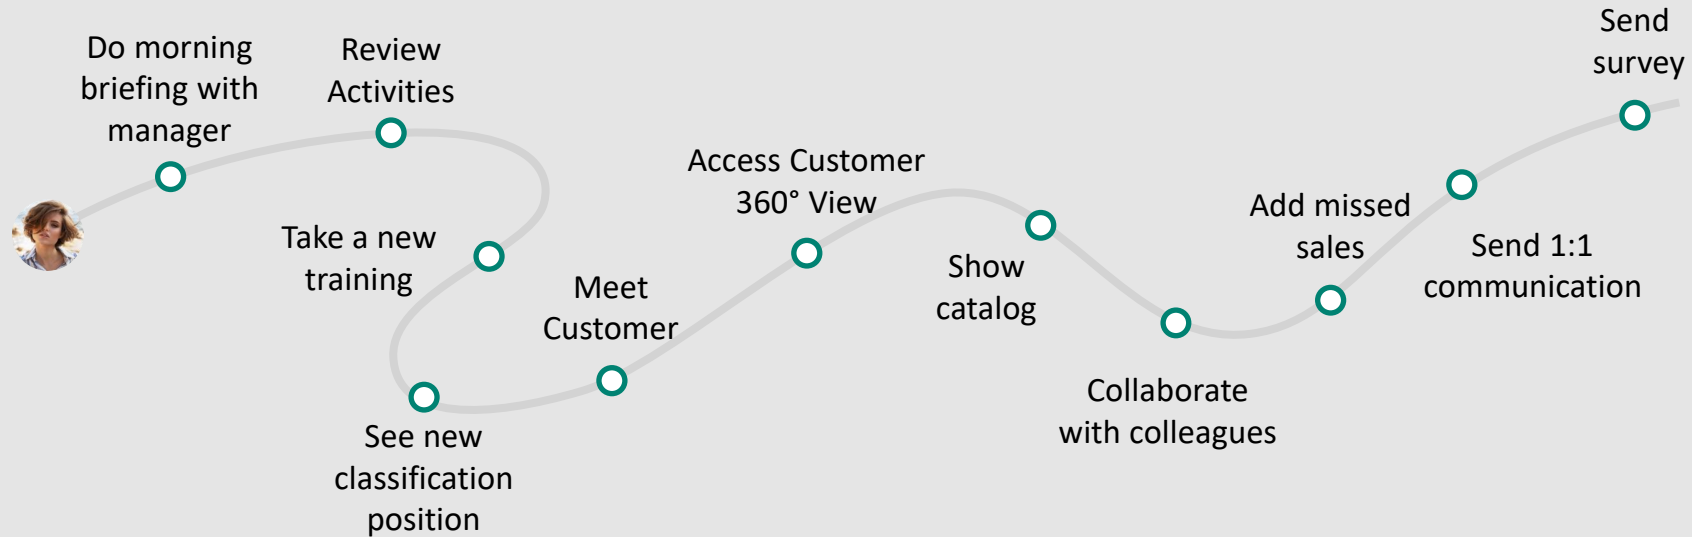

Solutions based on Power Platform templates can give the opportunity

- to sales rep: to manage their daily tasks, to train their self, to have a 360° view over customers, to send 1:1 communications, to see products and inventory availability, to get help from colleagues and much more
- to sales managers: to easily manage the needed back office processes

Use Case

Description: Chiara, the sales rep, manages her daily activities, train herself, meets Andrea a high spender customer and uses teams to make the customer experience the best possible.

Home Page

Users will have a summary home page where they will be able to access the following sections:

- Personal Area
- Clienteling
- Catalog

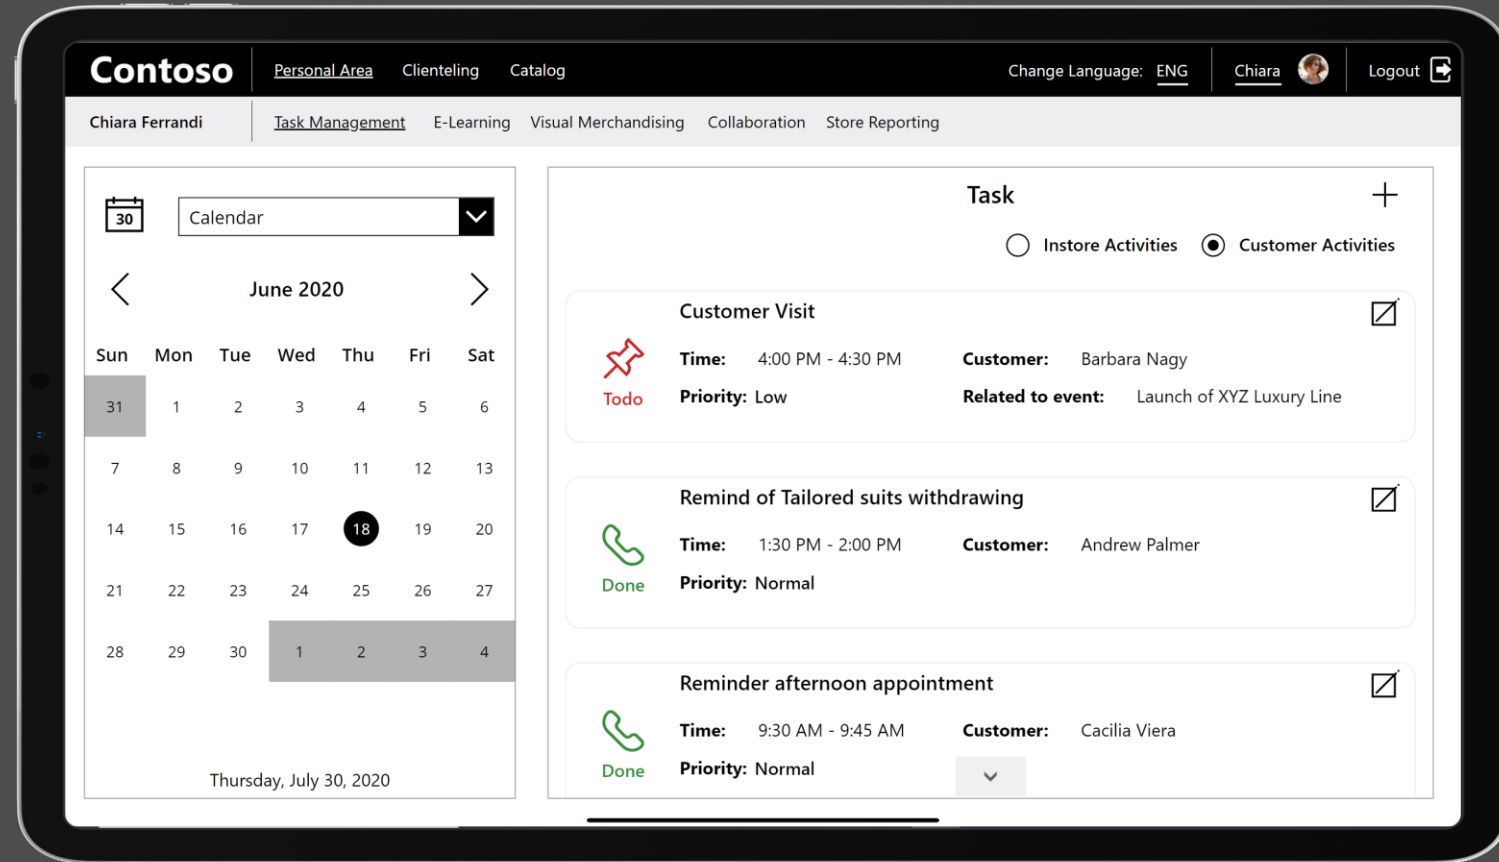

Personal Area

The personal area enables a user to access different features:

- Task Management
- E-learning
- Visual Merchandising
- Collaboration
- Store Reporting

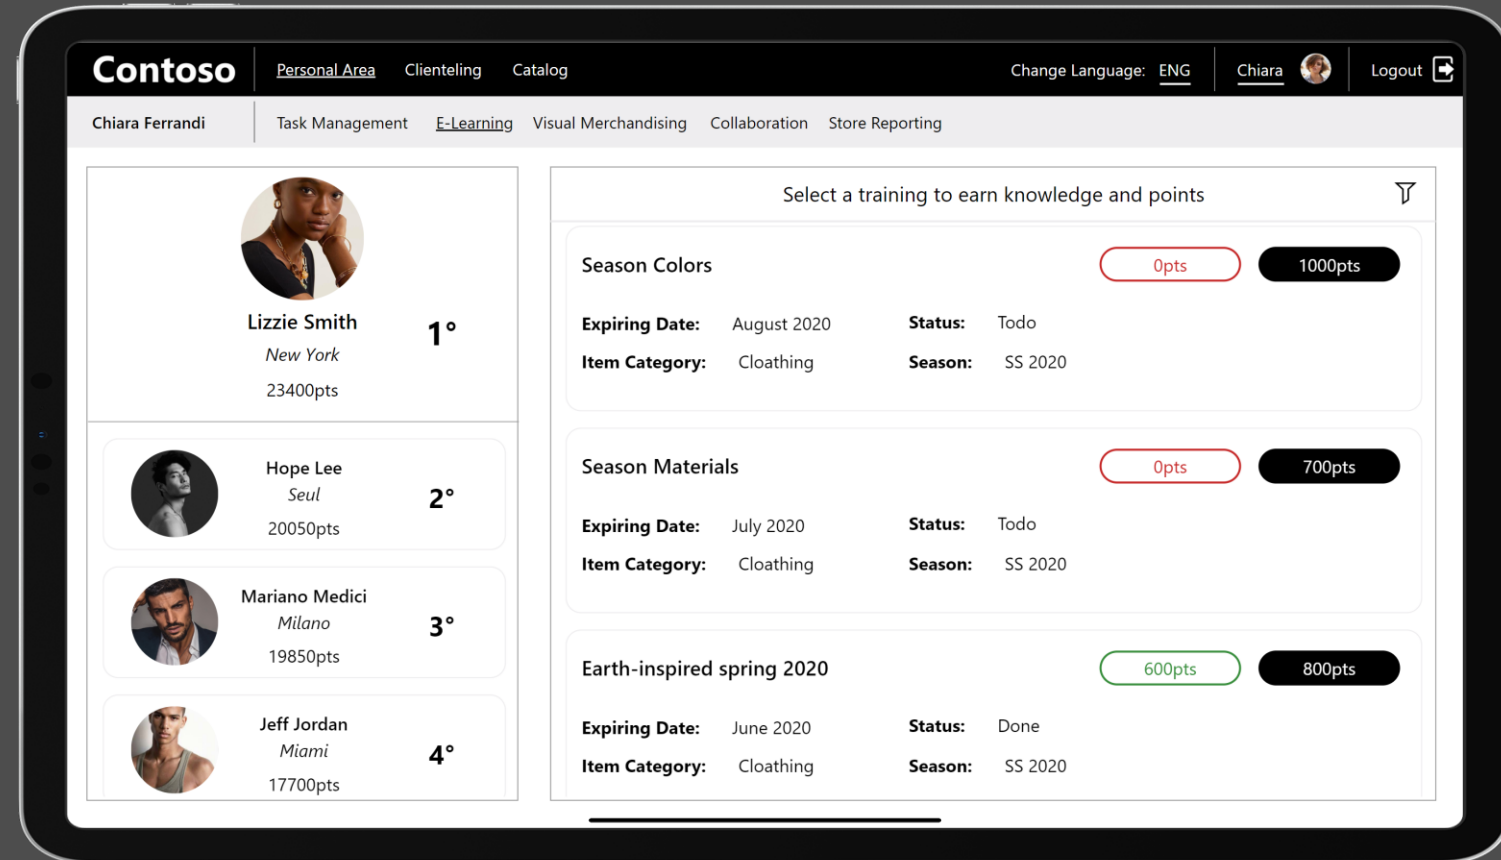

Within Task Management, user will be able to:

- See activities, divided between Customer and Instore activities
- See activities' details
